Dear Friends,

Each day, staff and volunteers of Support Within Reach are awed by the resilience of the women, youth, and men we work with. Their experiences facing sexual violence and daily life changes along with ongoing challenges to overcome barriers and achieving their individuals goals inspire our work.

As 2011 has come to a close, we reflect on our own challenges as an organization. The economic downturn brought funding cuts, a state shutdown, and renewed commitment to diversified funding strategy.

In 2012, SWR looks forward to the creation of a Financial Strategic Planning Session, with developing new ways to sustain our organization and contingency planning.

We are very grateful for your commitment to our mission. Your support directly assists hundreds of victims of sexual violence each year, as SWR works to ensure safety, calm, and reassurance to the lives of our clients.

Thank You!

Amanda Ysen, Executive Director Ann Koetz, Board Co-Chair Eric Villenueve, Board Co-Chair

Aitkin County SANE Work

Riverwood Healthcare in Aitkin has a hospital based SANE program. In 2011, SWR advocates attended to 4 calls for service during sexual assault evidence collection exams in Aitkin. SWR and Riverwood work closely together to ensure that their nurses (SANE and Non-SANE) are up to date on the best practices for victim service delivery, care, and evidence collection.

Program Information

In collaboration with Grand Itasca Clinic & Hospital, Deer River Healthcare, and Bigfork Valley Hospital, SWR established the community based Sexual Assault Nurse Examiner Program (SANE) for Itasca County in August 2009. The SANE program is housed within SWR. Its purpose is to provide post assault care and evidence collection to victims of sexual assault age 13 and older.

A Sexual Assault Nurse Examiner (SANE) is a medical professional with a minimum of a registered nurse degree. SANE nurses are provided with comprehensive training in the forensic examination for victims of sexual assault. A trained nurse examiner conducts the examination, collects and preserves evidence, and can testify in legal proceedings. The benefits SANE nurses provide include:

- Quick, compassionate, & comprehensive medical care.
- Increases effectiveness of evidence collection, thereby increasing convictions due to better collection of evidence and case processing.
- Relieves the burden of emergency room staff who receive minimal yearly training in forensic evidence and care for victims.

Hello everyone,

Please feel free to pass this update on to your networks, including Principals, School Linked Mental Health Workers, Mental Health Centers, etc. <u>A review of our activities from November 2011-March 2012 is attached.</u>

We have many great accomplishments to be celebrating in our suicide prevention efforts! The following are some of the achievements we've had over the past few months:

- Between the dates of January 25th May 8th, 21 additional schools received the information for TXT4Life which encompassed roughly 11,332 students! This new total for students put us at over 50% of our Regional student population who have heard the message! (13,867 of 22,000 students total since the grant began last fall)
- HSI Crisis Connection (Canvas Health) call center had an exponential growth in the number of texts for the month of March, and with a dedicated and skilled staff of volunteers, managed that growth beautifully – 483 texts came in, 172 of those were short texts meaning they did not amount to a conversation, and there were 4 emergency interventions.
- The March totals more than doubled from the 170 texts in February, 44 of those were short texts, and there were 4 emergency interventions.
- The April totals were down a bit from our heavy role out month of March at 355 texts, 88 of which were short texts.
- At the end of March, our first annual student training was held with 43 number of students in attendance and 11 adult facilitators attending with their student groups. QPR Trainings were given for both the students and the adult facilitators. There was also a facilitation training for the adults and a student leadership training for the youth. The student training was a huge success with many positive comments from the students and adults.
- Dave Lee, Donna LeKander, Meghann Condit, and Traci Chur traveled to Baltimore, Maryland for the Annual Garret Lee Smith Grant Meeting (April 16-18). Our group was asked to present at a break-out session about the innovative work we are doing. We were also able to provide many people with information about our program during the networking fair that they had. We had a great response, and the event was great overall for networking and learning.
- ASIST Trainings are now being offered. These trainings are two days in length and are definitely worth your time to attend. The training discusses the intervention piece of suicide. It is a \$250-300 training being offered to groups in our seven-county region for free because of our grant. Provider Name: Cooperating Community Programs, Inc Fiscal Support Entity (FSE) Program Summary

Summary

The purpose of this program is to support individuals and families who want to establish a greater degree of control and authority over how services are delivered and who provides them. While most of the Fiscal Support Entity supports are to support individuals and families in obtaining and managing their own paid staff, a range of other support functions is available.

Target Population

Persons with waiver services (include the Alternative Care (AC) Program, the Community Alternative Care (CAC) Waiver, the Community Alternatives for Disabled Individuals (CADI) Waiver, the Elderly Waiver (EW), The Mental Retardation or Related Condition (MR/RC) Waiver, and the Traumatic Brain Injury (TBI) Waiver and their families or guardians who:

- Receive Home and Community Based Services, or have private funding sources.
- Desire to establish and exercise greater control and authority over supports provided them.
- Want administrative support to establish that control and authority.

Fiscal Support Entity (FSE) Continuum of Services

A CDCS Eligible Recipient is required to have an FSE in order to access CDCS. There is a range of services that the FSE can provide to a CDCS recipient, which vary in the amount of support provided. Every CDCS recipient must at least access the FSE as a fiscal conduit to pay providers. FSE's must provide, at a minimum, payroll assistance and must offer a range of services that allow the recipient to select how much autonomy they want in employing, managing, and paying for services, support, and goods.

CDCS recipients or their representative have the responsibility to hire, discharge, manage, and direct their support workers. The recipients or their representative may choose to purchase assistance with these functions through an (FSE). Whoever provides these services is considered the Employer of Record.

The employer of record must be identified and documented in the recipient's Community Support Plan (CSP). Fiscal Support Entities that act as the employer of record for a CDCS recipient may <u>not</u> also provide flexible case management to that same recipient.

The Eligible Recipient can select, and the FSE must accept, any Agency of Choice the Eligible Recipient wishes to choose.

The FSE may not in any way limit or restrict the recipient's choice of service or support providers. FSE's must have a written agreement with the recipient or their representative that identifies the duties and responsibilities to be performed and the related charges.

MA-enrolled Provider

The FSE must be an MA-enrolled provider. They are then able to pay for authorized CDCS services. CDCS claims are paid through the FSE, with the following exception. For EW all state plan home care services will continue to be billed directly by the home care provider. State plan services or the health plan responsibility for the equivalent service will be authorized on the Service Agreement and claim will decrement against the CDCS individual budget total.

Disclosure of Financial Interests

FSE's who have any direct or indirect financial interest in the delivery of personal assistance, treatment and training or environmental modifications and provisions provided to the recipient must disclose in writing the nature of that relationship and must not assist in the development of the recipient's Community Support Plan.

Fiscal Support Entity Provider Criteria

The FSE must meet or follow these criteria:

- Be knowledgeable of and comply with Internal Revenue Service requirements necessary to process employer and employee deductions and provide appropriate and timely submission of employer tax liabilities.
- Maintain documentation to support the MA claims
- Have current and adequate liability insurance and bonding
- Have sufficient cash flow
- Have on staff, or by contract, a certified public accountant or an individual with a baccalaureate degree in accounting.

(The State of Minnesota Department of Human Services determines if these criteria and the provider standards are met through a written readiness review submitted by the FSE.)

Fiscal Support Entities (FSE's) Reporting CDCS Underspending, Overspending and Overtime to Aitkin County

Report data in similar format

Each report may be grouped by primary contact or sent individually. Please include the following information in each electronic entry:

- Client's full name and PMI number
- Date of overspending, underspending or overtime or payroll period it occurred
- Specific percent over or under the spend plan
- Specific amount of overtime
- Please include information on the following:
