Summary of Issue: <p>The pickup truck used by the McGrath Area Maintenance Facility, Unit #447, was programmed and budgeted for replacement in the 2015 Capital Equipment Replacement Program. The budgeted cost of \$15,000 reflects the anticipated purchase amount of a used pickup truck less the sale amount of the existing truck.</p> <p>A 2007 Ford F-150 with 65,000 miles was located at Mills Motor in Baxter for a price of \$16,680. Since they would not hold this vehicle for us pending Board approval and due to the likelihood of it being sold prior to gaining Board approval, discussion with Nate Burkett resulted in our purchasing this vehicle with his approval.</p> <p>Board authorization is requested to sell a pickup truck, Unit #442, through online auction. This truck has had recent mechanical problems and is therefore being disposed of, with Unit #447 taking it's place as a summer mowing vehicle.</p> <p>Board authorization is also requested to sell a tonneau cover that was on the vehicle purchased from Mills Motor.</p>
