#### Director Update

Cynthia updated the board on the 2022 Legislative Priorities of Aitkin County Public Health & Human services:

- 1) Aitkin County supports modernization investments that align with the Modernization Strategic plan and take the fresh approach that has been laid out in the Gartner recommendations. Implementation of the Modernization Strategic plan will ensure development of an interoperable system, will improve efficiency, effectiveness, and reduce the costs of the delivery of services, enhance customer service, and expand county decision-making authority. This includes resource support to counties for developing community services that support modernization, an integrative application process, and application of agile practices or "LEAN" processes to identify and correct system problems early on.

- 2) Aitkin County supports Direct Care and Treatment Cost of Care Policy Changes. This includes development of a review process for discharges and subsequent financial responsibility for Does Not Meet Criteria (DNMC) days. Additionally, tools need to be developed to work in partnership with counties to reduce DNMC days at direct care and treatment facilities.
- 3) Aitkin County supports changes to the Consolidated Chemical Dependency Treatment Fund (CCDTF) under the Substance Use Disorder (SUD) Reform: As a result of SUD Reform and Direct Access, counties have been taken out of the treatment decision-making role, yet currently under statute remain financially responsible for eligible clients. Counties should no longer be financially responsible for a county share in costs that are paid through the Behavioral Health Fund.
- 4) Aitkin County supports a state implementation of Family First Prevention Service Act (FFPSA) that meets the core tenets of the federal statute and ensures equitable access to services state-wide, assuring financial sustainability to counties and avoiding unfunded mandates and cost shifts to counties.

Re-Design update – Cynthia, Carli & Paula meeting with Architect in early February

New Brochure completed – intended to keep our consumers/community aware of the services provided by Health & Human Services

Discussion about Modernization Program – How much money was lost in trying to correct the old system? Are the auditors looking at this and asking DHS to reimburse the state? Who is the responsible computer or software company doing the work? The Gartner Consulting Company did the initial assessment of DHS systems and as an outside consultant made recommendations to DHS, the DHS commissioner would then be responsible for implementing the recommendations.

### **Carli Goble**

Presented the End of Year 2021 Fiscal Report detailing Revenues, Expenditures – additional details related to specific programmatic areas and the final budgetary outcomes.

Commissioner Marcotte questioned whether the Federal Revenues category included ARPA Money. Yes - ARP Fiscal Recovery Funds received in HHS were \$117,695.

Marcotte inquired whether there was any discussion about continuing to offer virtual trainings once face to face trainings were re-instated. Cynthia mentioned that there has been discussion amongst various professional organizations to continue offering virtual options.

Discussion ensued about Medical Assistance Estate Recovery. Commissioner Wedel suggested a presentation at the Advisory Committee to further discuss processes, liens, recovery operations etc. Cynthia acknowledged that this would be added to a future agenda.

Minnesota Statutes 15.0597, state that the application shall include a "statement that the nominee satisfies any legally prescribed qualifications and any other information the nominating person feels be helpful to the appointing authority." (May include employment, community service experience, or education that would be pertinent to this appointment)

I was employed as a pediatrician for Bronson Healthcare in Kalamazoo, MI for almost 30 years before retiring in 2019 and moving permanently to our house near Palisade in 2021. As a pediatrician, I was involved with many patients who needed to access programs that were similar, if not identical to, programs that are overseen by the Aitkin HHS committee. Being involved with these patients provided me insight into the problems and successes that these programs had with solving the issues and serving the needs of my patients and their families. I also served on several community related committees including the Portage Public Schools Curriculum Committee, the public elementary school advisory committee, and a local day care advisory committee. I was a member of the Western Michigan University Seita Scholars program, mentoring college students who had been in foster care as they transitioned to and attended college. I am interested in serving the Aitkin community and working to improve the lives of individuals that need health care and social services in our county and am excited about the opportunity to serve on the Health and Human Services Advisory Committee.

I, the undersigned, hereby state that I satisfy, to the best of my knowledge, all legally prescribed qualifications for the position sought.
