ALLOWABLE EXPENDITURES & REPORTING REQUIREMENTS

2022 BOAT & WATER SAFETY STATE GRANT PROGRAM

Use these guidelines when completing the proposed Budget --- Exhibit "A" form.

GENERAL - All of the expenditures listed below must be directly related to the boat and water safety program. When personnel or equipment costs are split between general law enforcement duties and boat and water safety work, the percentage paid out of the boat and water safety account may not exceed the percentage of time the individual or piece of equipment is actually used for boat and water safety enforcement. Boat and water safety activities are those activities outlined in: 1) M.S. § Chapter 86B, 2) Minn. Rules - Chapter 6110, 3) search and recovery operations in the waters of the state and 4) the portions of Chapter 169A that are applicable to motorboats.

(SPENDING PLAN, INVOICES, ACCOUNTING and REPORTS) – Submit one reimbursement invoice at the end of the grant period or when all obligations have been satisfactorily fulfilled, whichever occurs first. The proposed expenditures listed on your spending plan (Exhibit A) must reasonably match both your invoice and annual year-end report. If you need to purchase or pay for something that was not on the original Spending Plan, you will need to first send in a revised plan (Exhibit A) signed by the sheriff or designee, and if approved by the State, proceed from there. The Grantee must satisfactorily submit all annual performance reports and reimbursement requests for each year of participation in this Program by the date(s) requested by the State, unless the Grantee requests an extension in writing and the State approves an extension in writing. Minnesota statutes and rules require that you have a separate account for the state boat & water safety funds.

PERSONNEL - Personnel expenses (including salary, insurance, social security, retirement, worker's compensation, etc.) for persons who are actually engaged in boating and water safety duties. Records or logs of time spent on the program are necessary to support these expenses and should be retained not less than three years. If officer hours are a part of your reimbursement, please send one (1) completed officer log for the time period in which reimbursement is being requested.

SUPPLIES AND EXPENSES - This includes uniforms, fuel, oil, lubricants, repairs, rental/lease costs (docks, buildings, office facilities, equipment, etc.), insurance, travel costs, training expenses and expendable supplies (fuel, rope, paint, printing, etc.). No cell phone charges will be allowed. All expenditures need to be verifiable as allowable expenditures under this grant. Items must be listed on Exhibit A (proposed spending plan) of this grant and be descriptive in nature.

EQUIPMENT - Includes boats, motors, trailers, buoys, depth locators, radios, etc. Equipment that is being used for general duties may be either charged to the boat and water safety account according to percentage of use or by mile/hour of operation. Mileage logs showing dates, odometer readings and assignment are necessary to support all vehicle use and should be retained not less than three years. If you purchase equipment and it is greater than \$5,000, please submit a copy of the purchase invoice. The purchase of snowmobiles and ATVs with boat and water funds is not allowed.

County sheriff's departments are urged to contact Boat and Water Safety at the Minnesota Department of Natural Resources for a determination prior to any questionable proposed expenditure. All expenditures are subject to state audit. Be sure to keep accurate documentation and records of all expenditures.

Conflict of Interest Disclosure Form for Grantees

Conflict of Interest

A conflict of interest occurs when a person has actual or apparent duty or loyalty to more than one organization and the competing duties or loyalties may result in actions which are adverse to one or both parties. A conflict of interest exists even if no unethical, improper or illegal act results from it. There are several types of conflicts of interest.

Actual Conflict of Interest

An actual conflict of interest occurs when a person's decision or action would compromise a duty to a party without taking immediate appropriate action to eliminate the conflict.

Potential Conflict of Interest

A potential conflict of interest may exist if a person has a relationship, affiliation, or other interest that could create an inappropriate influence if the person is called on to make a decision or recommendation that would affect one or more of those relationships, affiliations, or interests.

Individual Conflict of Interest

A conflict of interest that may benefit an individual employee or a grant reviewer is any situation in which *their* judgment, actions or non-action could be interpreted to be influenced by something that would benefit them directly or through indirect gain to *an immediate family member, business, or organization* with which they are involved.

Organizational Conflict of Interest

A conflict of interest can also occur with an organization that is a grant applicant in a competitive grant process or grantee of a state agency.

Organizational conflicts of interest occur when:

- A grantee's objectivity in carrying out the grant is impaired or compromised due to competing duties or loyalties
- A grantee, potential grantee or grant applicant has an unfair competitive advantage through being furnished unauthorized proprietary information or source selection information that is not available to all competitors.
