Purpose of the meeting is to discuss and review the fire department budget and spending during the previous year and review the department's budget for the next two years. The formula's allocation on hours will also be reviewed. The meeting shall be held separately from any regular Town or City meeting.
- 3. Emergency Service Charge. Town, in its sole discretion, may exercise its authority to impose and collect

an emergency service charge on those receiving emergency services, including fire services, within Town. City shall have no right to, or interest in, any service fees collected by Town. If Town imposes an emergency service charge it shall provide City a list of the specific types of information it determines it needs collected in order to successfully impose and collect the charge. City shall make a good faith effort to collect the requested information for each service call to the Service Territory and promptly provide Town with the information it collected. Reference Minnesota §415.01 & §366.011.

4. **Service Territory**. City shall provide fire services as indicated in this contract to the area in Town described below and/or as indicated on a map which is attached hereto and made part of this contract. NONE

- 7. City's Responsibilities. In addition to any other obligations described herein, City shall:
 - Authorize and direct the City fire department to provide the fire services described herein to Town's Service Territory;
 - b. Develop a detailed annual operational budget for the fire department for each year during the term of this contract by the Anniversary Date and present it to Town along with sufficient information to explain the items included in the budget figures;
 - c. Upon Town's request, provide Town access to financial and cost data related to the fire department for five years prior to the current service year;
 - d. Disclose to Town any proposed action City or the fire department intends to take that can reasonably be expected to effect the Insurance Services Office Fire Protection Grade in the Service Territory or City's ability to provide the fire services indicated above; and
 - e. Promptly disclose to Town any information City can reasonably anticipate will directly affect its ability to perform its obligations under this contract.
- 8. Town's Responsibilities. In addition to any other obligations described herein, Town shall:
 - a. Promptly pay City the Payment Amount as indicated above for the year of service, or a prorated share of the Payment Amount for the length of service actually provided if the contract is terminated early;
 - b. Present a budget and levy proposal to the town electors at each annual town meeting during the term of this contract seeking authority to levy funds as needed to pay the "Payment Amount"; and
 - c. Promptly disclose to City any information Town can reasonably anticipate will directly affect its ability to perform its obligations under this contract.

It is understood and agreed Town shall have no responsibility whatsoever toward the fighters or other emergency personnel including any employment related issues such as training, supervision, performance reviews, discipline, compensation, benefits, insurance coverages, compliance with any employment related federal, state, and local laws and rules such as OSHA, ERISA, RLSA, FMLA, or any other employment related issues. It is further agreed Town has no responsibility, beyond paying the agreed upon Payment Amount, for acquiring, operating, maintaining, housing, or replacing equipment as needed to provide the fire services described herein.

- 9. **Insurance Requirements**. City shall maintain general liability insurance for its services and shall include Town as an additional insured for the term of this contract and any extensions thereof. City shall also maintain inland marine, automobile, and property insurance coverages. City shall provide Town proof of such insurance coverages and the additional insured endorsement naming the Town annually by the anniversary date of this contract.
- 10. **Indemnification**. City agrees to defend and indemnify Town against any claims brought or actions filed against Town or any officer, employee, or volunteer of Town for injury to, death of, or damage to the property of any third person or persons, arising from City's performance under this contract for services. Under no circumstances, however, shall City be required to pay on behalf of itself and Town, any amounts in excess of the limits on liability established in Minnesota Statutes Chapter 466 applicable to any one party. The limits of liability for Town and City may not be added together to determine the maximum amount of liability for City. The intent of this subdivision is to impose on City a limited duty to defend and indemnify Town for claims arising out of the performance of this contract subject to the limits of liability under Minnesota Statutes Chapter 466. The purpose of creating this duty to defend and indemnify is to simplify the defense of claims by eliminating conflicts between the parties and to permit liability claims against both parties from a single occurrence to be defended by a single attorney.
- 11. No Waiver. Nothing herein shall be construed to waive or limit any immunity from, or limitation on, liability available to either party, whether set forth in Minnesota Statutes Chapter 466 or otherwise.
- 12. **Modification**. This writing contains the entire agreement between the parties and no alterations, variations, modifications, or waivers of the provisions of this agreement are valid unless reduced to writing, signed by both City and Town, and attached hereto.
- 13. Subcontracting & Assignment. City shall not subcontract or assign any portion of this contract to another without prior written permission from Town. Services provided to Town pursuant to a mutual aid agreement City has, or may enter into, with another entity does not constitute a subcontract or assignment requiring prior approval of Town so long as City remains primarily responsible for providing fire services to Town's Service Territory.
- 14. **Termination**. This contract may be terminated at any time during its term by mutual agreement of the parties. Either party may terminate this agreement by personally serving a 120 day written notice of termination on the other party. This agreement shall terminate 120 days from the date of personal service of the written termination notice unless the party serving the notice withdraws the notice in writing before it is effective. If Town fails to pay for the service according to the schedule established herein, City may terminate this agreement 60 days from the date of personal service of written termination notice. Notice to City shall be served on the City administrator, or City clerk if there is no City administrator, and notice to Town shall be served on the Town clerk.
- 15. Service Contract. This is a service contract. The parties do not intend to undertake or create, and nothing herein shall be construed as creating, a joint powers agreement, joint venture, or joint enterprise between the parties.

- 16. Minnesota Law Governs. This contract shall be governed by and construed in accordance with the internal laws of the State of Minnesota. All proceedings related to this contract shall be venued in the State of Minnesota.
- 17. **Severability**. The provisions of this contract shall be deemed severable. If any part of this contract is rendered void, invalid, or otherwise unenforceable, such rendering shall not affect the validity and enforceability of the remainder of this contract.

IN WITNESS WHEREOF, the parties have executed this contract effective on the date indicated above.
