Presenter (Name and Title): Mike Dangers, County Assessor		Estimated Time Needed: 5 minutes
Summary of Issue: Back in December 2022, the County Board approved Pictometry Eagleview photography. This is the 3 dimensional aerial photo program that multiple county departments use on a daily basis to improve our service delivery. The higher resolution photos were funded by the Recorder's Technology Fund and not by the General Fund. The contract the County made with Pictometry Eagleview obligated us to one flight in 2023 and gave the option for a second flight in 2026. The Recorder's Technology Fund does not have a balance that could pay for the second flight. I can provide additional information during the presentation if Board members are interested.		
Alternatives, Options, Effects on Others/Comments: The Board could choose to authorize funding a new flight in 2026.		
Recommended Action/Motion: Affirm there are no funds available for a 2026 Pictometry flight.
