

A circular frame captures a serene scene of a river winding through a lush, green forest. The water is calm, acting as a perfect mirror for the dense canopy of trees and foliage that lines both banks. In the foreground, tall grasses and reeds grow along the river's edge, their reflections also visible in the water. The overall atmosphere is peaceful and natural. At the bottom of the circular frame, the text "Snake River Campground McGrath, Mn." is written in a bold, black, sans-serif font.
